## **Dlite PC & Remote Panel Installation Instructions**

This installation shield will install ***Dlite*** PC application and ***Dlite*** Remote Panel on your PC.

***Dlite*** PC simulates the ***Dlite*** 24/48.

The following are a set of instructions that should assist you installing the applications.

Please read the instructions carefully and follow the suggested steps.

Please read the release notes carefully to learn about the new features and bug fixes.

If you encounter difficulties or have any questions, do not hesitate to contact us via e-mail at:

[support@compulite.com](mailto:support@compulite.com)

**NOTE 1:** In case you have an earlier version of ***Dlite*** PC installed and running,

Please close the ***Dlite*** PC application.

**NOTE 2:** The Dlite PC Panel and remote panel use some fonts that are not a windows standard.

Incase some of the panel keys symbols are odd then you need to install the special fonts from the Windows Control panel\Fonts\Install new fonts...

The special font files exist inside the Dlite PC installation.

After installing the Dlite PC use this path to find those font files

"....\Compulite\Dlite PC\Support Files\Missing Fonts"

- **Backup your shows & devices**

- a) Save a Back Up copy of the "Shows" and folder that is in the **Dlite** folder if needed.
- b) If you have created/customized Devices, Back them up to a different location so you can use them with the new version.

- **Un-Install the current Software version**

- \*Skip this step if you do not have an older **Dlite** PC version installed.

**Un-Install Method 1**

- a) Copy the "**Dlite PC\_50.0R03.exe**" file to the PC desktop.
- b) From the above location Run the "**Dlite PC\_50.0R03.exe**" file.
- c) On the window shown, choose the **Remove** Option in order to remove the application.
- d) In case you are prompted while the application is being removed select **Yes**.
- e) When the process is done click **Finish** to close the wizard.
- f) Browse to "C:\Program Files\Compulite" and delete the "**Dlite** PC" Folder and all of its content.

**Un-Install Method 2**

- a) click on the **Windows** key (Windows logo) on the keyboard to access the start menu->Control Panel-> Add/Remove Wizard.
- b) Remove the "**Dlite PC**" installation via the **Add/Remove Wizard**. When the Un-Install procedure is completed, close the wizard.
- c) Browse to "C:\Program Files\Compulite" and delete the "**Dlite PC**" Folder and all of its content.

- **Installing the new Software version**

- a) It is **obligatory** to run the installation from the Hard-drive. DO NOT Try to install it from a USB-stick / network-share / etc.
- b) Copy the "**Dlite PC\_50.0R03.exe**" file to the PC desktop.
- c) from the above location Run the "**Dlite PC\_50.0R03.exe**" file.
- d) click **NEXT** on the **Welcome** screen.
- e) click **Yes** to accept the **License Agreement** on the License Agreement screen.
- f) click **NEXT** on the **Information** screen.

***50.0703***

- g) In the **Choose Destination Location** screen click **NEXT**.
- h) click **NEXT** in the **Select Program Folder** screen.
- i) On the **Firewall Warning** message, click **OK** to apply.
- j) When prompted, click **FINISH** in the **Dlite** PC Setup wizard window.
- k) The **Dlite** PC and the **Dlite** Remote Panel are now installed.
- l) Optional- move the back-up files back to the **Dlite** PC folder.
- m) Run the applications from the Start Menu >Compulite > **Dlite PC**, or from the shortcuts on your Desktop.

**ATTENTION:** When running the **Dlite** PC and the **Dlite** Remote Panel for the first time, you will be prompted by **Windows Security Alert** a few times whether to allow the application Components to run and access the network source.

It is **EXTREMELY IMPORTANT** to Choose the **Unblock** option on **ALL** the alerts in order for the applications to run correctly.

**Note,** On Windows Vista/Win7 when the **Windows Security Alert** appears you need to mark **✓** on privet and **public** networks, then click **allow access**.

**Dlite** PC and the **Dlite** Remote Panel are installed and ready to use.
